

LOCK-ARM STABILIZING BAR

BAL[®]
RV PRODUCTS GROUP

#23216

Northern Wholesale Part #:
0148.1029

Two sets for Landing Gear

One set for Scissors Jacks

ELIMINATES most trailer movement
associated with existing leveling or
stabilizing jacks!

- Installation is a simple one time, bolt on application.
- Uses 3/4" crank handle to lock and unlock Lock-Arm.
- Two Lock-Arms and complete mounting hardware included.
- Telescopic arm travels up & down with jack for easy setup & storage.

More BAL and other great American made products are featured in this month's *Made In The USA* flyer from Northern Wholesale Supply.
